B. Remisier Profession – The Way Forward

We'll be focusing on 2 key areas to improve the livelihood of Remisiers.

Firstly, to liaise with the Authorities to curate suitable programmes to upskill Remisiers. Our Profession needs to move up the value chain probably into the Wealth/Fund Management space instead of just purely relying on commission income which is on a steady decline for many.

Secondly, to liaise with various stakeholders to make the Singapore stock market much more vibrant. Many of our clients have invested quite a bit of their savings here and would like to see a much more lively stock market.

C. Payment of \$50 AGM Meal Allowance

We're in the process of changing Bank Signatories and applying for Digital Banking facilities which would take about two weeks to set-up.
